## THERAPEUTIC GRADE AROMATHERAPY BODY & MASSAGE OILS

Aromatherapy is integral to all of our services and programs. TARA is committed to ensuring the quality and integrity of true healing through the therapeutic use of essential oils.

Our wellness-based, pre-blended formulations ensure safe proportions ready for direct application and eliminate the need for massage therapists to blend the oils themselves.

Available in professional and retail sizes in the following aroma wellness intentions:

Balance • Calm • Detox • Immune Boost  
Love • Recover • Renew • Rest

TARA®

aroma wellness

THERAPEUTIC GRADE AROMATHERAPY BATH & DIFFUSER OILS

The therapeutic use of water and steam has been practiced since antiquity. In Japan, bathing has been part of ritual purification and the pursuit of spiritual purity. A therapeutic bath soak has been a principal healing modality for centuries.

Use TARA Bath & Diffuser Oils for soaking baths, diffusers, pulse points or blended into unscented lotion or oil.

Available in professional and retail sizes in the following aroma wellness intentions:

- Balance • Calm • Detox
- Love • Rest • Renew
- Recover

## bath therapy

INTEGRATING THE HEALING POWER OF HYDROTHERAPY, AROMATHERAPY & HERBS

Due to their fine texture, TARA's versatile Bath Therapy Salts can be used for bath soaks and body scrubs. Based on immersion bath therapy, we use sodium minerals to soften the water, assisting with the percutaneous absorption of the certified organic extracts and pure essential oils into the skin.

Available in professional and retail sizes in the following formulations:

Calm • Detox • Immune Boost • Love • Recover • Renew • Rest

REVEAL THE SKIN'S NATURAL RADIANCE AND BEAUTY

TARA Daily Rituals Wholistic Skin Care harmonizes the healing properties of Aromatherapy and Ayurvedic principles with the science of botanicals and anti-oxidant ingredients. Its high percentages of active agents from plants and flowers replenish the skin's nutritional needs and restore proper cellular metabolism.

A full range of professional and retail product that offers guests a stream-lined, smart and effective wholistic facial regimen.

Made with vegan and organic ingredients, no synthetic fragrance or artificial colors, no parabens or petroleum-based products and no animal testing.

Daily Skin Care Rituals - developed with such integrity that you can feel the vibration of purity when they touch your skin.

AYURVEDA

TARA<sup>®</sup>

ayurveda

THE MOST COMPREHENSIVE AYURVEDA PROGRAM IN THE INDUSTRY

TARA's comprehensive Ayurveda treatment program is supported by a face and body line that promotes the lifestyle philosophy of Ayurveda. We've adapted traditional, otherwise complex Ayurvedic therapies into protocols that are appropriate for the spa environment, without compromising the integrity of Ayurveda.

TARA's formulations are made from authentic Ayurvedic herbs and oils imported from India to address the specific needs of Vata, Pitta and Kapha constitutions.

Available in professional and retail sizes in the following formulations:

Vata • Pitta • Kapha • Bindu

SUN RESTORE

TARA<sup>®</sup>

sun restore

NATURAL SUN CARE FOR ACTIVE LIFESTYLES

The TARA Sun Program was developed to soothe, heal and rehydrate sun-exposed, dry or irritated skin. We created a natural, aloe-based product line for sun recovery treatments and for use after being out in the elements. We believe that every spa should educate their guests about safe sunning and have natural, healing remedies available for them when needed.

Available in professional and retail sizes:

SPF 30

Recovery Gel

Rehydrator Lotion

Lavender Face & Body Mist

Cool Mint Lip Balm (SPF 15)

CBD THERAPY

TARA<sup>®</sup>

cbd therapy

THE HIGHEST QUALITY CBD ON THE MARKET

Our mission continues to be finding only the purest, highest quality ingredients for TARA products. Our CBD Oil exemplifies these standards. It comes from a unique hemp strain bred to contain the highest concentrations of CBD and the lowest concentrations of THC (below .05%), so there are no psychoactive effects. It is grown organically in the USA and fully regulated by the Department of Agriculture. The Oil is extracted using a proprietary, super critical CO2 extraction method. No solvents are used in the processing and it is lab tested for zero levels of solvents, metals, pesticides or microbials.

Available in professional and retail sizes:

Bath Salts • Body & Massage Oils  
Liniments & Gels • Boxed Sets
